HARRIMAN IS HOPEFUL.

Railroad Magnate Sees No Signs of Recession.

BUSINESS AT TOP NOTCH.

Relative to Prospects For a Return of Confidence He Smiled and Stated That the Question Was Too Deep For Him to Answer.

Chicago, Aug. 10.—E. H. Harriman gave his views regarding the state of trade, says a Record-Herald dispatch from New York. Said he:

"I hear lots of talk of a recession in business, but see no signs of the recession. My advices from the west and southwest and northwest are that business is still at top notch. So far as one can judge at present it looks as though we were going to do a big fall's work."

Asked what he thought about the prospects for a return of confidence, Mr. Harriman replied with a smile:

"This is beyond me. Investors and the public generally, like individuals, have their moods and changes. Meanwhile we are going ahead and are keeping our properties in first-class shape. They are growing more valuable every day, and I doubt not that everything will turn out all right, for values must tell in the end."

Mr. Harriman is soon to make his annual tour over the Harriman lines. He will be gone two or three weeks.

POSTAL MEN QUIT.

Left Their Keys Pending the Arrival of the Superintendent.

New Orleans, Aug. 10.—Trouble developed at the Postal Telegraph office in this city Friday night when an operator refused to work the Chicago wire. He was immediately suspended by the wire chief and the company's local officials were sent for to settle the matter if possible. Sixty men walked out pending the arrival of the superintendent.

At the Western Union an extra operator, who was ordered to make relief on the Chicago wire, refused and was discharged.

The New Orleans operators, however, did not take any action; and never did not make any issue of the matter because the discharged operator was an extra man.

AWFUL ACCUSATION.

Young Negress Says Four White Men Assaulted Her.

Big Sandy, Tex., Aug. 10.—A negro woman about nineteen years of age, giving her name as Olivia Porter of Shreveport, complained to the officers at this place that she had been foully dealt with while waiting for a train to return home on. County Attorney W. W. Sanders and Justice T. W. Smith have been holding an investigation. Warrants were issued for four white men charging them with criminal assault.

GRUBBS WITHDRAWS.

Greenville Man No Longer Affiliated With Farmers' Union.

Fort Worth, Aug. 10.—In a card Hon. W. V. Grubbs withdraws his affiliation with the Texas Farmers' Union owing to its action in passing a resolution that the legislature be urged to pass a law which will prevent public officials from accepting employment with the corporations and trusts. He construes that, in his card, to be intended as a reflection on Senator Bailey, in that the resolution on which the recommendation is based was offered by political enemies.

An amendment is to be submitted to local unions which, if adopted, will bar all but bonafide farmers from membership.

The next meeting will be held at College Station.

The retiring speech of President Calvin brought tears to many eyes. The resolutions of confidence, most complimentary in their nature, are to be printed and, with his picture in the midst, framed and hung in the hall of the union.

Netted Nice Price.

Waco, Aug. 10.—The first bale of cotton for the season was sold Saturday. It was brought in by M. J. Hitts of near Riesel. It weighs over 500 pounds and netted Mr. Hitts 26 cents per pound.

Charged With Killing Sweetheart.

St. Louis, Aug. 10.—As the result of a quarrel over an appointment which she claims her sweetheart failed to keep Theresa Sullivan is under arrest charged with killing Mike Sanders. She stabbed him with a pocket knife.

Negress Did Not Die.

Dallas, Aug. 10.—Isabelle Applewhite, stabbed by a negro man and believed to have died, may recover.

SOCIAL and Club Matters

The J. U. G. club (Just Us Girls) was entertained by Miss Ona Reed at the home of her parents, Mr. and Mrs. Lucien Reed, on Tuesday at five o'clock. On account of the warm weather the hostess had arranged to entertain her company on the lawn. As the initials of the club spell "Jug," the guests were given the task of drawing a jug on slips of paper. It was found when each had finished that Miss Mary James was entitled to the prize, and she was rewarded with a pretty fan. Miss Ruth Batte was consoled with a jug. The guests were refreshed by the serving of delicious cream and cake.

Mr. and Mrs. Marion Law on Thursday evening entertained Mr. and Mrs. D. D. Eastman of Italy and Mr. Jud James of Austin at dinner. The dining table was made very attractive by the use of pretty roses and ferns. After the serving of the last course the guests were invited to the cool veranda and conversation and music was enjoyed until a late hour.

At the home of Judge and Mrs. J. W. Doremus on Friday afternoon at five o'clock there was a merry throng of ladies who came to enjoy a prettily planned party in honor of Mrs. Ed Hoffman of Brenham and Mrs. Whit Doremus. The large velvety lawn was never so cool or inviting as on this occasion. Each guest, on arrival, was ushered to the punch table, which was imbedded with pretty roses and maiden hair fern, and was refreshed by a glass of the delicious beverage. A phonograph placed in one corner of the lawn played pretty selections and added very much to the pleasures of the occasion. Neatly printed cards with pencils attached were passed in advance of a highly enjoyable contest. In a cut with several ladies, the prize was given to Mrs. Malcolm Carnes. The consolation went to Mrs. Nellie Ballard. Both favors were exquisite pieces of bric-a-brac. The presentation speech was made by Mrs. Ed Hoffman. Mrs. L. L. McInnis in a pretty speech presented the two honorees, Mesdames Doremus and Hoffman, handsome vases. The hostess is noted for her delicious refreshments, and on this occasion fully sustained her reputation by serving in courses a most tempting menu. The affair was one of the most notable social events of the summer, and one of the most charming of the many entertainments given at this home. Mrs. Doremus is an ideal hostess, and an artistic touch was given to every detail of arrangements. The presence of the popular honorees lent the chief interest to the occasion and their assistance to the hostess gave an added charm.

Misses Mary James and Ruth Boatwright were the recipients of a jolly surprise party on different evenings the past week, the crowds being composed of children in the neighborhood. Refreshments were served.

Mrs. Ed S. Derden entertained the J. A. O.'s Thursday afternoon in honor of her guest, Miss Lucile Robinson of Hempstead. As each guest was seated a delicious glass of grape juice was served. A very amusing contest afforded much pleasure to the guests, and in the final vote it was found that Miss Frances Chance was winner of the prize and she was presented a handsome signet pin. She in turn presented it to the guest of honor, Miss Robinson. In a cut for the consolation prize Miss Mary Harris was given a box of candy. Banana cream and wafers was served.

Miss Alice Fountain and Miss Agnes Kinnard entertained the J. A. O.'s Wednesday afternoon. Upon the arrival of the guests the hostesses served refreshing punch. In a flower contest Miss Gussie Buchanan was presented a Christy picture. Miss Gertrude Eaves was consoled with a bunch of roses. Cream and cake was served.

Miss Mary Roman was the charming hostess to the J. A. O. club Friday afternoon. Miss Mary gave each guest a piece of cloth and needle with pink thread to work the club initials, "J. A. O." Miss Eula Gregg proved to be the best seamstress and was awarded a club sofa pillow. Miss Irene Board was consoled by receiving the booby prize. Ices and wafers were served. Reporter.

The ladies of Bryan Chapter No. 222, Order of the Eastern Star, entertained at a sock social on the lawn at the Carnegie library Friday night, affording a pleasant social evening and realizing a nice sum as a chapter benefit.

About fifteen couples of young people revived the pleasures of the Bryan roller rink on Wednesday night, and enjoyed the skating for an hour or two. Music was supplied by the Konecny orchestra.

The Browning Club held a pleasant and profitable meeting with Mrs. G. M. Brandon Thursday and will meet next with Mrs. J. Webb Howell.

With all the attacks made on the mail order business, one point is always forgotten by the local merchant, viz: that the only possible way for the mail order house to get the local business is through the use of printer's ink. By liberal advertising in all the papers, and by filling the country with circulars and catalogues, they take the business away from the local merchant, who always has as good or better goods for less money. When the merchant realizes this and uses enough printer's ink himself, he has no fear of the mail order house. That is the secret of the whole mail order business, and it seems that it would get into the heads of the merchants after while.—Caldwell News-Chronicle.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1907, by W. T. Foster.)

Washington, D. C., Aug. 10.—Last bulletin gave forecasts of disturbance to cross continent 12 to 16, warm wave 11 to 15, cool wave 14 to 18. Next disturbance will reach Pacific coast about 16, cross west of Rockies country by close of 17, great central valleys 18 to 20, eastern states 21. Warm wave will cross west of Rockies about 16, great central valleys 18, eastern states 20. Cool wave will cross west of Rockies about 19, great central valleys 21, eastern states 23.

This will be one of the three most severe disturbances of the month and while the severe part of it will miss nine-tenths of the counties or sections it will be best to keep a lookout for storms that may do some damage.

This disturbance will also inaugurate a great high temperature wave that will affect most parts of the continent and cause temperature to average very high till end of the month. The cool wave mentioned will give very little relief.

A most interesting feature of this disturbance will be its drouth proclivities. The heat wave and the evaporation it will cause will seriously damage late corn and fall pastures and as this condition will probably continue to end of the month the corn crop will probably have seen its best crop-weather before this letter is published. Indications are that temperatures will continue to range higher and the soil to grow drier to the end of August.

Immediately following August 10 temperatures promise to average high and the weather dry. As much of the corn crop is late the bulk of it will not mature before middle of September and a month of dry weather following August 10th being expected, particularly in western parts of the corn belt, the outlook for an average corn crop is not promising.

Indications are that the transcontinental disturbances will take northern routes during last three weeks of August leaving the states hot and dry. This weather will hurry the corn crop on to maturity and get it out of danger as to frost. This will be fortunate as we may have frost by September 21.

These drouth forecasts do not apply to east of Meridian 90. Fair crop-weather may be expected in the eastern states and provinces and the shortage of western crops will assure good prices for eastern products.

These bad crop forecasts do not apply to spring wheat. I am in doubt about that crop and conditions are such that I can not now safely forecast the probable result.

I still advise farmers to hold their corn for 60 cents, Chicago markets. By last of August they will know what to do. I do not anticipate frost damages. Poor fall pastures should be taken into the considerations.

DROPPED OVERBOARD.

In Battle With Two Men In Boat One Is Slain.

Tulsa, I. T., Aug. 10.—Deputy United States Marshal Sam Cone engaged in a battle with two men in a boat on the Arkansas river, above the city about two miles. Cone, who has been on the lookout for consignments of liquor coming from Keystone, Okla., by water, was patrolling the bank, when he espied a suspicious looking craft with two men in it. He called a halt, but the boat continued to move, when he opened fire. One man was seen to pitch over into the water, and never rose to view. The other occupant of the boat leaped into the river and swam to the bank and escaped.

MODIFICATION SECURED.

Judge Jones Spoke Freely Concerning Principles Involved.

Montgomery, Aug. 10.—In accordance with the agreement between the state and the Southern Railway company by which the license of the latter in Alabama was reinstated, lawyers for the Southern railway appeared before Judge Jones and secured a modification of his injunction heretofore granted against the state restraining it from enforcing laws while litigation was pending.

In modifying his order Judge Jones spoke from the bench freely and frankly concerning the principles involved.

ARE WITHDRAWN.

Nacogdoches Southern Railway No Longer a Public Carrier.

Austin, Aug. 10.—It is ordered by the railroad commission that all orders heretofore adopted and promulgated by this commission by which the Nacogdoches Southern Railway company was by the commission recognized as a public highway and said railway as a common carrier and subject to the rates, rules and regulations as prescribed by this commission, be and the same are hereby canceled. Effective Aug. 15.

LEFT CHEERING.

One Hundred and Thirty-Five Walk Out at Dallas.

Dallas, Aug. 10.—At 8:30 o'clock on Friday night 135 operators, comprising the entire office force of the Western Union Telegraph company here, went out on strike owing to the refusal of the company to reinstate a discharged union man at Los Angeles. The operators arose, and with a cheer, left the office.

CANNOT INTERFERE.

Important Decision Handed Down In Church Case.

Booneville, Mo., Aug. 10.—In the circuit court Judge W. H. Martin handed down a decision making permanent an injunction restraining anti-unionists from interfering with the union of the Presbyterian and Cumberland Presbyterian churches.

MacDonald No More.

Chicago, Aug. 10.—W. C. McDonald, who for many years a leading politician and a prominent gambler, died. The murder of W. C. Guerin by his wife recently had a strong effect in breaking him down physically. He left an estate valued by several millions.

Swap Catchers.

Chicago, Aug. 10.—The Chicago National Baseball league team has closed negotiations with Nashville for Catcher Hardy of that club. The trade was effected by giving Nashville Catcher Seabaugh, now with the Montgomery team, and a cash bonus.

The Eagle notes with pleasure that the next state meeting of the Farmers' Union will be held at the A. and M. College. No better selection could possibly have been made. It will bring the leaders of the Union in touch with the great institution and they can not fail to be impressed with its importance and usefulness. The entertainment afforded will also be superior to what any city in the state can afford, and the delegates will find that their leisure time can be put in more profitably there than anywhere else they have met.

The Eagle directs attention to the half page ad of the Buchanan-Moore Co. in which is announced the formal opening of their magnificent new store on Aug. 15. Music will be provided for the occasion and every opportunity afforded all who attend to see the big store and the splendid stock which would be a credit to any city in the state.

MANY OPERATORS OUT.
Telegraphers Have Left Their Instruments In
EIGHT MORE OF THE CITIES
 Salt Lake City, Helena, Kansas City, Dallas, Fort Worth and Colorado Springs Are the Places Where This Has Been Done.

Chicago, Aug. 10.—Following the lead of the operators employed by the Western Union Telegraph company in Chicago, who went on strike because they were asked to work for non-union men in Los Angeles, telegraphers in eight other cities quit work Friday. The 500 men employed by the Postal Telegraph company in Chicago, who belong to the same local of the Commercial Telegraphers' union as the Western Union men, and declared that their working conditions have become intolerable, took advantage of the situation and quit work. Chicago is left with about thirty-five telegraph operators endeavoring to transmit the business of both telegraph companies, where, under normal conditions, fully 1,500 men are necessary.

The other Western Union offices which became involved in the trouble, together with the number of men who quit at each are: Salt Lake City, 36; Helena, 40; Kansas City, 320; Dallas, 135; Fort Worth, 40; Colorado Springs, 10.

At New Orleans the men employed by the Postal Telegraph company had their keys to enforce demands made several weeks ago.

Late Friday night the general situation had cleared somewhat, and where earlier in the day it appeared that the strike of the commercial men would be universal throughout the United States, the indications were that no further strikes would occur for the present, at least.

Under orders of National President Samuel J. Small of the Commercial Telegraphers' organization, Secretary Russell telegraphed the secretaries of the locals to keep their men at work until further orders. Mr. Russell, when asked for an explanation of this action, said: "We don't want to use up all our ammunition in one charge."

The understanding was that the brokers' operators will be allowed to remain at work as long as the commission houses handle only their regular business over leased wires. The broker operators belonging to the union have been notified that they are to refuse to handle outside business, and if they are discharged upon refusal to handle such business they will be upheld by the union.

Secretary Russell of the national organization said: "The men in Chicago took the bull by the horns and ordered the strike without authority from the national officers. We are perfectly satisfied, however, with the movement, and are all working in union. The telegraph companies have not acted fairly, and we believe we are now in a position where we can force them to terms. At any rate, it has come to the point where, if we can't compel the companies to treat us fairly we might as well abandon the organization. The general sentiment among the telegraphers is that it is a fight to a finish."

SMALL'S STATEMENT.
 Says the Subject is Too Delicate to Discuss.
 Oakland, Cal., Aug. 10.—Sam J. Small, the national president of the Central Telegraph Union of America, submitted to a brief interview.
 "The subject is too delicate to discuss. The San Francisco officials of the company are responsible for what has happened. The latter have not lived up to the agreement of two weeks ago. When an investigation is made something extremely sensational will come out. The strike is spreading. We have advised that 2,000 operators in Los Angeles, Chicago, Helena, Mont. Cleveland, Cincinnati, Salt Lake, Kansas City, Birmingham, Ala., New Orleans, Denver and Butte are out.
 "Oakland operators want to go out, but we are holding them back. We expect, however, that the whole trouble will be settled in two or three days. President Clowry of the Western Union Telegraph company will have the facts before him in twenty-four hours, and may settle it at once. I cannot say anything about our demands, for everything is in a chaotic condition."

NINE KILLED.
 Carload of Dynamite Explodes With Most Disastrous Effects.
 Detroit, Aug. 10.—A carload of dynamite, intended for use in blasting in lime kilns crossings, at mouth of Detroit river, exploded at Essex, causing great destruction to property and injuring a number of people. The explosion was felt for fifteen miles. Nine persons were killed and every house in the town, having 2,500 population, destroyed.

Heavy Penalty Inflicted.
 Dallas, Aug. 10.—For leaving his team unguarded, which ran away, hitting a buggy containing Mr. and Mrs. J. B. Merritt and baby of Longview, injuring them, a man was fined \$100 in city court.

Demise of D. R. Stratton.
 Sherman, Aug. 10.—After a short illness, Dan R. Stratton, Stratton, one of the most prominent traveling men in North Texas, died here.

Shot Through Left Lung.
 Oklahoma City, Aug. 10.—Joe Campbell a negro, was shot in the left lung and killed. James Schooley also a negro, was arrested.

WILL FIGHT STRIKE.
Western Union, It Is Said, Is to Do This.

New York, Aug. 10.—The Western Union Telegraph company will fight the strike of their operators in the western cities, in the east, or wherever the men may go out. The position taken by the company is that the men have no substantial grievance.

A man who enjoys the confidence of high officials of the Western Union said:

"The men have no grievance. They have the strike fever, and the younger element, which appears to be in control in the west, and to which a period of idleness would work no particular hardship, is anxious for a showdown that will test the strength of the organization throughout the country. The company will fight, for to surrender would be suicidal. If the strike becomes general, as in 1883, business for a time will be hampered, as it was then, but eventually the men will be won. A strike in New York, however, will prove a different thing from a contest in the west. There the men are generally younger than the men employed here. In this city are many operators who have reached the age where great efficiency is past. Nevertheless they are still taken care of by the company. These men do not, and probably would not, want to go out."

On the other hand, it was said in union circles that the original grievance against the company was in this city, and that 75 per cent of the operators employed here were union men, and prepared to leave their keys.

WHAT CLOWRY SAYS.
 Claims Discharged Operator Materially Obstructed Business.

New York, Aug. 10.—Colonel Clowry, president of the Western Union Telegraph company, gave out the following statement relating to the strike at Los Angeles and Chicago:

"On July 23 an operator at Los Angeles was charged with maliciously delaying the business. An investigation, which occupied several days, showed that he was guilty of deliberately obstructing the business in important circuits, and he was discharged. A petition signed by other employees of the office, requesting his reinstatement, was presented to the local superintendent, and then the petitioners were advised that the company could not tolerate the malicious delaying of important messages, and that the discharged operator would not be re-employed. The majority of the operating force quit work without notice. Operators were sent to take their places from nearby points, and at 11 o'clock Thursday night the operators in the Chicago office, employed on the western circuits, acting in conformity with resolutions understood to have been adopted by the local union, refused to work with non-union men at Los Angeles, and when this was insisted on they quit work in a body."

"The Chicago operators have presented no grievances, and the present move is an attempt to enforce the closed shop rule, which, if successful, would take the control of the company's affairs out of its own hands. Such a condition has repeatedly been shown, inimicable to the confidential and responsible character of the company's relation to the United States government and to the public."

Postal Also.
 New York, Aug. 10.—It is officially given out that the Postal will also fight the strike.

ASSIGNMENT OF ERRORS.
 Judge Grosscup Calls For Financial Responsibility of Company.

Chicago, Aug. 10.—The attorneys for the Standard Oil company filed the company's assignment of errors in the United States district court Friday. They then went before Judge Grosscup in the United States circuit court of appeals and made application for an appeal, a writ of error and supercedas.

The Standard Oil company contended that the supercedas should be granted upon a bond no larger than sufficient to cover the costs. It was claimed by the government, however, that the bond should be fixed at \$29,240,000, the amount of the fine imposed by Judge Landis, in order to secure the government pending a stay of execution in the judgment. The assignment of error contained 116 citations in which Judge Landis is said to have erred in his decisions during the trial.

The writ of supercedas was not granted, but Judge Grosscup allowed the writ of error. Action was delayed on the writ of supercedas pending the determination of the amount of bond the company is required to file. The attorneys for the oil company were directed to inform the court of the financial responsibility of the company.

CHAINED IN STREET.
 Two Young Men Had to Endure Battering Rains of Sun.

Durant, Aug. 10.—Considerable comment has been created here by the recent action of the police judge and city attorney, upon whose orders, it is alleged, two young men were chained in the middle of the main thoroughfare of the town in a bally and chain during a broiling hot day. They were arrested for failure to pay small fines recently assessed for misdemeanors. They were put on the streets to work out the amounts, but refused to labor. They escaped, and later their fines were paid. It is stated suit will be brought against the officers and their bondsmen for the part the officers took in the matter.

Exchange at Pilot Point.
 Pilot Point, Tex., Aug. 10.—North Texas Telephone company will but in an exchange here.
